

Eco-Air

Passive room air freshener

Eco-Air is designed to perform. The open-air design provides maximum surface area and promotes airflow for 30 days of consistent fragrance release.

Dry fragrance technology

Unlike gels and oils, dry fragrance refills won't spill or leak and there's no sticky residue.

Versatile

Eco-Air refills fit a variety of other commercial dispenser brands so there's no need to change out dispensers when switching to Eco-Air.

Eco-friendly

No batteries needed and refills are 100% recyclable. They don't contain any propellants or acetone.

	Description	Item Code
